KMS FINANCIAL SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS

1. THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

THE COMPANY - The Company is a Financial Industry Regulatory Authority Registered Broker and Dealer, Securities and Exchange Commission registered investment advisor, and insurance general agent offering securities, investment advisory services and insurance products through independent contractor agents (registered representatives and investment advisory representatives) in the Western United States. Commission revenues are generated predominantly from the sale of mutual fund shares, general securities and variable annuities. Investment advisory revenues are generated primarily through offering investment advisory services based on a percentage of assets under advisory contracts.

INCOME RECOGNITION - Securities transactions and the commission revenue and expense are recorded in the accounts on a trade date basis. Investment advisory fees are received quarterly but are recognized as earned on a pro rata basis over the term of the agreement.

INCOME TAXES - Deferred Federal income taxes are provided when income, related to carrying investments at market value, and expenses, principally supplemental executive retirement program expenses accrued for financial statement purposes not deductible for tax purposes until paid, are recognized in different years for tax and financial statement purposes. Deferred tax expenses or benefits are recognized in the financial statements for the changes in the deferred tax liabilities or assets between years. No valuation allowances have been recorded to offset deferred tax assets recorded by the Company.

FIXED ASSETS AND DEPRECIATION - Office equipment and fine art are stated at cost. Office equipment is depreciated over its estimated economic life, ranging from three to seven years and is computed on the straight-line and accelerated methods. Fine art is depreciated on the straight-line method over its estimated economic lives of twenty to fifty years.

INVESTMENTS - Investments in common stocks, mutual funds and U.S. Treasury Notes are carried at fair market value based upon quoted market prices.

ESTIMATES AND ASSUMPTIONS - Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses.

1. THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(continued)

FAIR VALUE OF FINANCIAL INSTRUMENTS - The carrying value of cash, receivables and accounts payable approximate fair value due to the short maturity of these instruments. None of the financial instruments are held for trading purposes.

2. CASH AND CASH EQUIVALENTS

The Company considers cash and cash equivalents to include cash and those short-term, highly liquid investments with original maturities of three months or less.

Cash and cash equivalents at December 31, 2007 consist of the following:

General funds	\$ 69,264
Cash segregated in compliance with Federal and other regulations	116,925
Cash segregated in compliance with agreements with registered representatives (Note 5)	298,030
Investments in money market funds	<u>6,520,253</u>
	<u>\$7,004,472</u>

Supplemental disclosures for the statement of cash flows include cash paid during the year for:

Interest	\$ 114
Income taxes (Note 6)	\$448,577

3. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.

At December 31, 2007, the Company had net capital of \$5,515,160 and net capital required under the Rule was \$289,514. The aggregate indebtedness to net capital ratio was 0.79 to 1.

The net capital rules may effectively restrict the payment of cash dividends.

KMS FINANCIAL SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS

4. SUPPLEMENTAL EXECUTIVE RETIREMENT PROGRAM

The Company maintains a supplemental executive retirement program covering an employee that provided for monthly benefits of \$5,000 commencing in 1998. The Company's policy is to not fund the liability. The unfunded accumulated benefit obligation is reflected in the accompanying financial statements as supplemental retirement payable.

5. COMMITMENTS

The Company leases office premises and equipment under noncancelable operating leases. The Company is obligated under an equipment lease for rental payments covering office supplies provided under the operating lease. The following is a schedule by years of future minimum rental payments required under operating leases that have initial or remaining noncancelable lease terms in excess of one year as of December 31, 2007:

<u>Year ending December 31,</u>	
2008	\$ 160,800
2009	165,408
2010	174,084
2011	179,100
2012	176,556
Thereafter	322,365
Total minimum payments required	<u>\$1,178,313</u>

The Company's rental expense, under operating leases, was \$167,076 during 2007.

The Company has received payments from registered representatives, and maintains the funds to supplement professional liability insurance programs as necessary. The Company, and appointed registered representatives are responsible for administration of funds.

The Company is obligated to purchase, from certain stockholder's estates, the estate's common stock at a purchase price per share determined by formula. Additionally, the Company is obligated to purchase shares from certain terminated employees.

The Company maintains life insurance on certain stockholders. Proceeds from these life insurance policies are to be used to redeem common stock from the estate, with balances generally payable over five years at prime rates plus one percent.

KMS FINANCIAL SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS
(continued)

6. INCOME TAXES

The Company's deferred taxes consist of the following:

Deferred tax assets	\$270,000
Deferred tax liabilities	15,000
Valuation allowance	<u>-</u>
	<u>\$255,000</u>

The Company's provision for income taxes consists of the following components:

Currently payable:	
Federal	\$501,807
State	28,888
Deferred tax (benefit):	
Federal	<u>(10,000)</u>
	<u>\$520,695</u>

The Company's deferred Federal tax asset represents the tax effects of deductible temporary differences in reporting compensation and retirement benefits under terms of the supplemental executive retirement program covering an officer, and certain accrued expenses not deductible for income tax purposes until paid.

The Company's deferred Federal income tax payable represent the tax effects of taxable temporary differences in carrying investments in common stocks and U.S. Treasury Notes at fair market value for financial presentation purposes. The net deferred Federal income tax asset includes the asset, net of the payable.

The Company's provision for income taxes differs from applying the statutory U.S. Federal income tax rate to income before income taxes. The primary differences arise from providing for state income taxes, and nontaxable municipal interest income.

NOTES TO FINANCIAL STATEMENTS
(continued)

The Company's employees are participants in a pension and profit sharing plan revised effective January 1, 2002. The plan covers substantially all of the Company's employees.

The plan is a 401(k) plan where the employees may elect to make voluntary contributions pursuant to a salary reduction agreement. The Company is obligated for minimum contributions, and may elect to make additional discretionary contributions determined by the Board of Directors. Contributions cannot exceed twenty five percent of compensation. Contributions of \$700,402 (including \$95,653 of required minimum contributions) were authorized by the Board of Directors for 2007. The Company is obligated for contributions to the pension plan of three percent of eligible compensation, as defined, on an annual basis. The Company funds plan contributions as incurred.

8. CONTINGENT LIABILITIES

The Company maintains its cash accounts in one commercial bank located in Seattle, Washington. The total cash balances are secured by the Federal Deposit Insurance Corporation up to \$100,000. Additionally, investments in money market funds are not secured.

The Company is involved in various legal actions and claims arising in the normal course of business. After taking into consideration legal counsel's evaluation of such actions, management is of the opinion that their outcome will not result in any material adverse effect on the Company's financial position.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL REQUIRED BY RULE 17a-5 OF THE
SECURITIES AND EXCHANGE COMMISSION

Board of Directors
KMS Financial Services, Inc.

We have audited the financial statements of KMS Financial Services, Inc. as of and for the year ended December 31, 2007, and have issued our report thereon dated February 25, 2008. In planning and performing our audit of the financial statements and supplemental schedules of KMS Financial Services, Inc. for the year ended December 31, 2007, we considered its internal control in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by KMS Financial Services, Inc. that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3.

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL REQUIRED BY RULE 17a-5 OF THE
SECURITIES AND EXCHANGE COMMISSION

(Continued)

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control that we consider to be material weaknesses as defined above.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL REQUIRED BY RULE 17a-5 OF THE
SECURITIES AND EXCHANGE COMMISSION

(Continued)

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007, to meet the Commission's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
